

# Ten Years Pain

"I am a school teacher, have suffered agony monthly for ten years. My nervous system was a wreck. I suffered with pain in my side and had almost every ill known. I had taken treatment from a number of physicians who gave me no relief. One specialist said no medicine could help me, I must submit to an operation. I wrote to Mrs. Pinkham, stating my case, and received a prompt reply. I took Lydia E. Pinkham's Vegetable Compound and followed the advice given me and now I suffer no more. If any one cares to know more about my case, I will cheerfully answer all letters." MISS EDNA ELLIS, Higgsport, Ohio.

## EXTRADITION OF NEELEY FOUGHT.

WASHINGTON, May 22.—John D. Lindsay, attorney for Charles F. Neeley, appeared before the House Judiciary Committee today and submitted an argument against the proposed extradition bill. He also presented a voluminous brief. The proposition to subject an American citizen to trial in a country where a Spanish system of laws is in vogue, he contended, was utterly opposed to American traditions. The fundamental theory at the base of our system, he said, assumed a man placed in Neeley's position to be innocent until completely and legally convicted was adduced to prove him guilty. The fundamental principle of the United States, he said, was that a man was considered guilty as soon as charged. The burden of proof was placed upon him. Mr. Lindsay was closely questioned by members of the committee. He claimed that Neeley could only be tried in the United States and only on the charge of violating a law making it a felony to bring into the United States money embezzled from the United States. The funds in the custody of the United States, though the property of the island of Cuba, were assumed by law to be the property of the United States.

## GOOD WORK OF SUPERVISOR ROETH

Directors Wilson, Wellman, Schist, and Secretary Walker of the Mechanics' Exchange made a trip over the Fish Ranch road into Contra Costa county last Sunday. They found that under the direction of Supervisor Charles Roeth the road had been put in better condition than it ever was before. If the plans as laid out by Mr. Roeth for this work are carried to completion the question of grade and road into Contra Costa county will be forever settled. Arrangements also have been made to sprinkle the entire road during the summer months. Everybody concedes that Supervisor Roeth has done excellent work throughout his district.

## PARLIAMENT IN PARIS.

PARIS, May 22.—After an adjournment of six weeks, Parliament reassembled today. In the Senate the President, M. Fallieres, delivered the opening speech, dwelling on the success of the Exposition and expressing homage and gratitude to the sovereigns and people who had given France ineffaceable proof of their sympathy. The Senate then adjourned until Friday. The Chamber of Deputies was crowded and all the cabinet ministers were present. The President of the Chamber, M. Deschanel, also referred to the opening of the Exposition, warmly welcoming the representatives of foreign nations. Paul Gouzy, Radical Socialist, then interpreted the government on its general policy. Premier, M. Waldeck-Rousseau, accepting the interpretation, has asked for its immediate discussion.

## GOV. TAYLOR'S STATEMENT.

Will Give His Opinion of the Situation If Indicted.

INDIANAPOLIS, May 22.—W. S. Taylor of Kentucky, who is in this city, said today: "If there is an indictment then I shall make a statement, in which I shall give my opinion of the entire situation. I expect to remain here or go to some quiet resort in Indiana and remain there until the Republican National Convention."

Charles E. Wilson, secretary to Governor Mount, said today: "Before leaving for Port Wayne last night, Governor Mount authorized me to say that his action in declining to honor a requisition for the return of Charles Taylor to Kentucky was based on his deliberate conviction that the case was a matter of public opinion in this State, especially among the professional politicians, a tragedy would have been averted if the case had been handled like a pig to the pole."

## JOHN POWERS ARRESTED AS AN ASSASSIN.

Associated Press Dispatches by The Tribune's Special Leased Wire. FRANCISFORT, May 22.—John Powers, brother of Secretary of State John A. Powers, and who is indicted for the assassination of Senator Goebel, was arrested in the mountains in Knox county, Va., by officers from the Democratic State authorities. He was taken to Barboursville, where he was held in custody. Governor Beckham issued an order today dismissing the Democratic soldiers, and they will return home tomorrow. Former Adjutant-General of your State, Adjutant-General Cushman and Governor Beckham held a conference this afternoon, relative to the formal transfer of the State Guard and its equipment to the Democratic administration.

The Kentucky authorities will not attempt to extradite Governor Mount to take charge of the case. The opinion prevails that the matter is wholly within the province of the Governor of each State, and that any action taken to be maintained to enforce the requisition. EXCHANGE OF COMPLIMENTS. FRANKFORT, Ky., May 22.—In transferring the militia from the Republican to the Democratic administration, the former Adjutant-General Collier said to his successor: "I greatly appreciate the terms in which you refer to me, but I beg to say that the State owes far more to you. The conditions have been constantly menacing to the public peace and to a degree best known to you and to me. You have been forbearing and fair-minded, and I beg to assure you of my high personal regard."

Allow me to thank you for your universal kindness and courtesy and to suggest that in my opinion it is due to you more than any one else in Kentucky that trouble has been averted. I wish you a successful and peaceful administration. Adjutant-General Castleman replied: "I greatly appreciate the terms in which you refer to me, but I beg to say that the State owes far more to you. # WASHINGTON CAPTURED BY THE SHRINERS.

Parade From the White House.

The Nobles in Fez and Dress Suits Will Turn Out Tonight.

WASHINGTON, May 22.—The Nobles of the Mystic Shrine held undisputed possession of Washington today. Weather favored the Ancient, and the brilliant sunlight accentuated the decorations that draped almost every building on Pennsylvania avenue from the Capitol to the White House. President McKinley reviewed the early morning procession from the White House portico, when hundreds of Arab nobles in bizarre Oriental trappings escorted Imperial Potentate Atwood to the Columbia Theater, where the Imperial Council convened at 10 o'clock. This afternoon the Imperial Council boarded one of the river steamers, which carried them down the Potomac to the city. This evening there will be a parade of all the nobles in fez and dress suits. The avenue will be thronged along the line of march and the parade has been reviewed by the Imperial Potentate. There will be an elaborate display of fireworks in the White House lot. The visitors will hold a reception at headquarters.

# RAILROAD LAND GRANT DECISION.

Supreme Court Lays Down the Law in a Utah Case.

Rights of the Company and Entry Man Clearly Expounded.

WASHINGTON, May 22.—The United States Supreme Court has reversed the decision of the Supreme Court of the State of Utah in the case of D. P. Tarper versus Andrew Madsen, a controversy over a tract of land within the place limits of the grant to the Central Pacific of California, the land being an old numbered section. The case involved a claim to the land made in 1888, and in passing upon it the court laid down some propositions concerning railroad land grants which are considered of general importance. The opinion was delivered by Justice Brewer, who said that in a proper interpretation of a case of this character "the relative rights of the company and an individual entry man must be determined not by the act of the company in itself fixing definitely the line of its road, but by record of evidence on the one part and the filing of the map in the office of the Secretary of the Interior, and on the other the declaration or entry into the local Land Office, and while the railroad company may not question the validity of the entry man's claim of record, its rights ought not to be defeated long years after the title has been once fixed, by fugitive and uncertain testimony of occupation, for if that be the rule the time will never come at which it can be certain that the railroad company has acquired an indefeasible title to any tract."

# CONFERENCE DEADLOCK AT LAST BROKEN.

Two Bishops Elected By the Methodists at Chicago.

Dr. W. J. Hamilton and D. H. Moore Victors in the Contest.

Associated Press Dispatches by The Tribune's Special Leased Wire. CHICAGO, May 22.—Dr. J. W. Hamilton and D. H. Moore were today elected bishops by the 31st General Conference. The vote was as follows: D. H. Moore, 531; J. W. Hamilton, 505; J. R. Day, 104; H. Spellmeyer, 61; B. Neely, 41; J. F. Berry, 22. Necessary to a choice, 444. Belief that today's balloting would end the long drawn out Episcopal contest attracted a large audience. The hall rung with applause when Bishop Warren, who was presiding, announced the election of Dr. D. H. Moore and Dr. J. W. Hamilton on the seventeenth ballot, the first taken today. Bishops-elect Hamilton and Moore were escorted to the platform, and amid applause and the waving of handkerchiefs were introduced to the General Conference. Consideration of changes in the organic law of the church interrupted several days ago by the debate over the pastorate time limit was resumed today. Various changes recommended by the Committee on Revision were adopted with little debate. Dr. Buckley reported that the committee was unable to agree on any recommendation to amend the constitution. These involve the question of admitting women to annual conferences, but were cut off before they came to a vote. The conference voted to admit women to his electoral and general conferences.

# Her Husband's Story

"My name is E. J. Sprong, and my address is 16 Bondman Block, Troy, N. Y. I want to tell how thankful I am that my wife's health has been restored to her. About a year ago she caught a dreadful cold, which settled in her bronchial tubes and lungs. She certainly had bronchitis, and I think consumption, too, and we despaired of her life. She had a tightness and soreness in the chest, and it was difficult for her to breathe. There were darting, sharp, dull and heavy pains, with constant coughing and expectorating. Each day she was worse than the day before. I was advised to get Acker's English Remedy, and did so, but my wife only shook her head and said: 'Another dollar thrown away.' She took the Remedy, however, and said the effect was magical. In less than an hour there was a remarkable change. She got better at once, and in a short time she was entirely well and strong again. The cure was permanent and there has been no relapse. I don't know what Acker's English Remedy is made of, but I am sure it contains something that fortifies the system against future attacks. My wife is in better general health now than ever, and you can't imagine how happy she is for her recovery. She tells everybody about Acker's English Remedy, and so do I, for I believe it to be our duty to the public to help every sufferer who has throat and lung troubles. My neighbors say it is a sure specific for croup, and has saved the lives of hundreds of little ones around in this vicinity alone."

## MEETING OF THE BOARD OF WORKS.

The Board of Public Works held a short meeting yesterday afternoon.  
In regard to the petition of Ira Bishop, who wished to have the Cemetery creek sewer, the Mayor introduced the following resolution, which was laid over until the next meeting.  
"Resolved, That this board recommends to the City Council that rights of way be secured along Cemetery creek for two intersecting sewers, one along the west and one along the east bank of said creek, and located far enough from same to be permanent. Said sewers to be constructed and paid for by the district benefited."  
A petition from Ernest Mueller asking the board to have San Pablo avenue sprinkled by the railroad company was read. The Mayor introduced the following resolution concerning Mueller's petition, which was passed:  
"Resolved, That the secretary of the board be requested to confer with the Oakland Railroad Company to see if they will make a proposition to sprinkle San Pablo and Telegraph avenues where not sprinkled, from curb to curb."  
The Mayor said the company could not be forced to sprinkle the road between the tracks, but that he thought the company would do it for the benefit of the traffic on the street. He said the company could go down to the foot of Broadway and get salt water with which to sprinkle the streets. In this way he thought the sprinkling could be done with very little expense.

May 24—Butchers' Board of Trade of California.  
May 25—Swedish Society of San Francisco, to H. P. M.

TUESDAY.....MAY 22, 1900.

Flush times are reported in Hawaii. They are no longer royal flushes, however.

Those scorchers that nature is sending on the streets nowadays will puzzle the ambitious bobby bent on enforcing the ordinance against that kind of thing.

Turkey declares she is going to get a modern navy. She had better pay her indebtedness to us before she buys any warships, for otherwise it will be so much money wasted.

Fellows are numerous on the island of Sulu, our recently acquired dependency in the Philippine group. The Sultan has good reason, therefore, to ask that we give him a pension, because he has so many large bills to meet every day.

Those persons who are insisting that when the Nicaragua canal is open California's commerce will go to pieces have evidently overlooked the fact that the residents of San Francisco can raise the wind any afternoon—and a trade wind at that.

Alameda's tidal canal improvement is assured at last, for Congressman Metcalf has induced the War Department to issue the necessary instructions for going ahead with the work. Those tidal waves of prosperity that we read so much about will, therefore, soon be in evidence in the Encinal City.

## RECLAIMING THE DESERT.

Irrigation, which made the city of Riverside possible and brought into existence Redlands and other prosperous towns of the south, is now to be tried near Indio, in the very heart of the desert. A colony has been formed to take up 1,000 acres there, where a good Artesian well, 500 feet deep, already produces a strong flow. Others like it will be bored and the waste land thus brought under cultivation.

Is this not an object lesson to those who, filled with the land-hunger, complain that no cheap tracts remain for the people? There is plenty of unsettled land in California, and the laws of the United States are perfectly liberal as respects desert and swamp tracts, recognizing that the man who takes up such property belongs to the class which makes "two blades of grass to grow where but one grew before." Much of the uncultivated country in California is arid, but the soil has been analyzed and found to be of excellent quality. All it needs to become fertile is water, and now the Indio plan shows the way to get it. Let prospective settlers form a colony or company among themselves. If ten heads of families combine to acquire each 100 acres, or less, let these acquisitions be adjacent, and the cost of irrigating them be proportioned among the ten, premising that no matter on whose ground the water shall be found it is to be the property, share and share alike, of all. The irrigation question will be thus settled, and no other difficulties remain.

As to the cost of such a proposition, the figures are not at hand, but they can be roughly estimated. For ten applications for the land the fee will be \$10 each, or \$100 in all. Boring a well 500 feet would cost, in such earth as prevails in the so-called desert, \$1,250 to \$1,500. Piping would bring the expense up to \$3,000 for water, or \$3,100 in all, making the cost for each member of the colony \$310, for which he procures 100 acres of irrigated land with a perpetual water right. For \$107 an acre he gets a home and the means of supporting his family, not only in comfort but in ease and plenty, for experience has taught that the irrigated soil of the desert is peculiarly prolific, and \$150 to \$200 an acre in oranges, for instance, is not an unusual return.

For men of small means this colony method of doing business is the solution of the desert land problem in California. It has proved a success in the south, the north, and especially in the San Joaquin valley, and now it is to be applied to what a few years ago was deemed as barren as the Sahara, but is now known to be productive in the highest degree.

## A HINT TO HOLIDAY-MAKERS.

The vacation season is here, and the various resorts are, by attractive advertising, holding out the customary bait to those whose pocketbooks permit their obtaining a change of environment for a month or so during the heated term each year. With such a diversity of attractions as California possesses, one of the hardest problems the pleasure seeker has to solve is as to where he will cast his lot, and it is consideration of this topic that brings to mind a matter well worthy of local attention.

Alameda county is almost as rich in vacation resorts as any other part of the State. The mind can imagine no more picturesque or healthful location than the Niles canyon, with its wealth of foliage and pure running water, furnishing all that the camper can desire; Warm Springs, that was at one time planned to be one of the greatest pleasure places in the State, can more than hold its own with a large proportion of the widely advertised sanitariums; the foothills in the southeastern end of the county are every bit as charming and as adapted for summer retreats as any other of the mountain spurs of the Coast Range; the farms around Pleasanton, Livermore, Irvington, and in fact all throughout the interior, offer absolute change and rest to the tired city worker—the list grows as the varied opportunities of the county are presented, until it becomes plain enough to those willing to see that the residents of Alameda county do not have to go beyond their own borders in the search for a pleasant place in which to pass the summer holidays. Of course, to those who have already tasted these local delights there is a good reason for hieing to the Yosemite, the mineral springs of the northern counties, the watering places on the coast shore or some other such widely patronized spots—the element we are appealing to is the one that always seeks in the distance what can be just as readily obtained at home.

There is a touch of the "Patronize home industry" policy, too, in giving this local preference, for about the same arguments apply in this regard as in all other branches of the subject. The individual on a pleasure trip is, as a rule, more extravagant than while in the groove of ordinary life, and a good deal of money is therefore spent on these jaunts that would have a beneficial effect if kept in local circulation. It is logical, too, that the money made here should be spent here as much as possible, so to those who are figuring upon going away for the summer and have not yet exploited Alameda county's attractions we would suggest that they first take the home resorts well into consideration.

It must make the Democrats feel rather sick when they read how the Republicans are so well satisfied with the outlook this year that they are already making arrangements for 1904. The open door policy that is being so ardently advocated doesn't seem to them to include the White House door.

The joy that is prevalent in Great Britain just now over the relief of Mafeking will be dampened by the poem written by Laureate Alfred Austin in commemoration of the event. It is about as bad as the stuff Kipling has been sending out of the Transvaal, and when that much is said it is criticism enough.

**FINE PERFORMANCE OF THE EVIL EYE.**

Charles H. Yale's brilliant spectacle, "The Evil Eye," was presented at the Alcazar last night to a large audience. The performance is an enjoyable one throughout. Indeed, there is not a dull moment in the play, and the audience was enthusiastic in its applause. The story, which is consistently told, supplies a real plot vastly superior to those which usually give excuse for a series of wonderful adventures, ludicrous catastrophes, brilliant ballets and a series of surprising coincidences in its plot. The play is a really marvelous effect, entirely new to the stage. The merry mishaps and weird wanderings of the mischievous nixie, who is introduced in incessant and continuous comedy, which is greatly augmented by their astounding feats of magic and athletic abilities. Nixie and Nod are played by Rosine and Elliott, who are unsurpassed in their peculiar line. A strong feature of the performance is the scenery, which is elaborate and wonderfully beautiful. The more notable scenes are a Holland village, the Cafe Esmeralda on St. Petersburg and the Castle Drachenfels on the Rhine. Of music there is as much as in any comic opera. It includes "The Clang of the Wooden Shoe," a Holland song, "The Song of the Evil Eye," "Oh, That Waltz," "Then and Now," "The Legion of the Rhine," song story, and, finally, the exquisite love song "The Girl of the Year," and many others, including instrumental solos.

The performance will be repeated to night.

## HERO OF THE WAR TAKES A BRIDE.

## Wedding of Miss Lydikson and Capt. Iverson—At Home in Alameda Notes and Personals.

Miss Elsie Berell and John Lundermann were married last Thursday at the residence of Alexander Anderson, 1314 East Fifteenth street.

Mr. Lundermann was a gunner on the Concord and took part in the battle of Manila Bay and was in charge of the gun that fired the first shot in that famous battle. He remained with the gun until it arrived at New York last year. He is now an instructor at the Naval Training Academy on Great Island. He has a number of medals for gallantry, and also for twenty years' honorable service in the navy.

The rooms were prettily decorated for the wedding with flowers and American flags. The ceremony was performed under a picture of Admiral Dewey. On one side of the photograph of the famous hero was draped an American flag and on the other a Spanish flag captured in the Battle of Manila Bay. Chaplain Isaacs performed the ceremony.

The bride was attended by her sister, Miss Mary Berell. Dr. J. E. Moutoux acted as best man. The couple was accompanied by a number of his companions in full uniform. They were A. Anderson, J. McKelvey, E. Davis, F. E. of the Radcliff, J. Smith, E. G. Littlefield, H. Fredericksen and T. Green.

Among the guests were: Mr. and Mrs. Bruno, Mr. and Mrs. Bassett, Mr. and Mrs. Wyndham, G. Bowers, C. Peterson, A. Nottelmann, J. Hale, Rev. A. Holt, L. Turner, Miss Isaacs, Miss E. Zachas, Miss M. Campbell, Miss E. East, Miss Nottelmann, Miss Carleton, Mrs. Chambers, Mrs. Goss, Mrs. Nottelmann, Miss Bowers and Miss Carothers.

A meeting was held yesterday afternoon at the residence of Mrs. Henry Goodell on Alameda street, for the purpose of organizing a committee of the Oakland Club. The committee is arranging for the opening of the vacation schools, one of which will probably be located at Twenty-third avenue.

W. W. Morrow delivered a lecture before the Alameda Teachers' Club at the parlors of the First Congregational Church last evening. The speaker chose for his subject, "The Future of the School." The rooms were crowded with an appreciative audience. The lecture depicted the character of the many people who were chasing the rainbow for the proverbial pot of gold planted at the foot. He interspersed his talk with amusing anecdotes, which were enjoyed by the large audience.

Mrs. Carman Orville Edwards, (nee Miss Louise Conklin) will receive her many friends on the first and third Tuesdays at her home, 171 Tenth street.

The wedding of Miss Florence Lydikson and Captain V. C. Iverson took place last Saturday evening at the home of the bride's parents in East Oakland. The decorations were in pink and green, worked out with La France roses and greens.

The bride wore a gown of white organdy, made over to her color. It was delicately trimmed with lace and orange blossoms. She wore a long wedding veil and carried a large bouquet of white and pink flowers. Miss Hassard was the bridesmaid. Alfred Turt acted as best man. Rev. L. G. Jordan performed the ceremony. Captain Iverson is master of the schooner Alton A. and he and his bride will enjoy a trip on the schooner Seattle and then go to Honolulu.

About a hundred guests were present at the wedding supper. The father of the bride, George Lydikson, acted as toastmaster and many good wishes were offered for the happiness of Captain and Mrs. Iverson.

The "at home" given recently by Mrs. Philip S. Telier, president of the Adolphian Club of Alameda, was a great success. Among those present were: Mrs. N. B. Reynolds is at the Murray Hotel, New York.

Toby Allard is sojourning in the San Joaquin Valley for a couple of months.

John Bakewell of this city and Mr. Richard W. San Francisco are in San Diego on business.

T. E. Gimes has been visiting at Nevada City.

Major Robinson was recently in Nevada City on business.

Mr. and Mrs. L. J. Sherburn have been visiting at Nevada City.

Mrs. J. A. Combs has gone to Redding to join her husband.

H. R. McCarger is in the northern part of the State on business.

**ROUTINE OF THE CITY COUNCIL.**

Extension of the Lake Merritt Dredging.

The City Council, by a vote of 9 to 2 last evening granted Johnson & Peterson an extension of sixty days to complete the contract for dredging Lake Merritt. When the matter was brought up Councilman Taylor talked at considerable length against the measure. "Mayor Snow," said Taylor, "has suggested that it would be cheaper for the contractors to forfeit their bond than to complete the contract. But we shouldn't be in that predicament. The trouble is that the Board of Works allowed them too much on the first contract."

"I will vote against the extension of time," said Girard, "because I don't think the contract is being properly carried out. No body watches them or takes any measurements and we don't know what they are doing."

Rowe said he thought the contractors would like to forfeit their bond and while he did not like the idea of granting the extension of time, he thought that was the only thing for the city to do. The extension was then granted by the following vote:

Ayes—Cuvellier, Lemmon, Meese, Mott, Rowe, Schaffer, Stetson, Upton, Bart.

## He Loves Me—?

The dainty flower oracle may tell her true or false, but some day the prince will come and she'll dream the dear dream of home life and motherhood. In that dream she will see herself always happy, always with a smile for the husband and a kiss for the baby. What a pity to wake from such a dream,—to almost loathe her husband and hate her child, because cruel pain has blighted her body and warped her mind. How many a woman has had this sad awakening from her dreams of home and love! There's help and healing for every woman who suffers from womanly diseases, caused by girlish ignorance, wisely neglect or the strain of maternity. Doctor Pierce's Favorite Prescription makes weak women strong and sick women well. It heals diseases of the delicate organs, practically does away with the pains of maternity and gives the nursing mother vigor and vitality.

"Two years ago," writes Mrs. Kattie Auliker, of 734 First street, Alameda, "I was afflicted with 'Favorite Prescription' and in April a nice baby was born, before the doctor came. I was very weak. My baby is now fourteen months old and weighs 30 pounds. Before commencing Dr. Pierce's Favorite Prescription I had lost all my strength and I took it, I stopped vomiting. It is a God-send for women."

When a laxative is needed, use Dr. Pierce's Pleasant Pellets with "Favorite Prescription."

## POPULARITY OF QUO VADIS UNDIMINISHED.

"Quo Vadis" began the third week of its run at the Macdonough Theater under the most favorable auspices for another big week's business. The house was crowded and the audience was generous in its applause. The Stevens Stock Company has rounded off the performance until there is not a ragged edge visible anywhere, and the play goes with the smoothness and precision of well oiled machinery. The noble Roman to the life. Dr. J. Holden's portrayal of the inhuman monster Nero is one of the strongest features of the play, and Fanny Gillette wins the sympathy of the audience as Lydia, the Christian maiden.

## No Right to Ugliness.

The woman who is lovely in face, form and temper will always have friends, but one who would be attractive must keep her health. If she is weak, sickly and all run down, she will be nervous and irritable. If she has constipation or kidney troubles, her impure blood will cause pimples, blotches, skin eruptions and a wretched complexion. Electric Bitters is the best medicine in the world to regulate stomach, liver and kidneys, and purify the blood. It gives strong nerves, bright eyes, smooth, velvety skin, rich color and much better health. The Electric Bitters is a run-down invalid. ## a maker's loss on tailor suits

Mistakes are bound to happen—misfortunes are sure to come—

A well-known maker—a maker who values his reputation—found among a lot of tailor costumes a few not quite perfect—he could not afford to let them go as perfect products of his mill and he could not make them over—

So he sold to our Eastern buyer the lot at half— They're here—One lot soiled a bit—one other requires an alteration—a sponge and a cleaning or a stitch or two—Easy saving isn't it?

## TAILOR MADE SUITS—

We just bought a few tailor made suits in black and colors for half their worth—they are slightly soiled but made to sell at \$10 and \$12.50. The stains are hard to see and can be removed. Your choice till sold. \$5.00 suit.

## IMPORTED TAILOR MADE SUITS—

Costumes elegantly made of all wool materials—some of the swiftest pattern suits in the store selling from \$12.50 to \$20. They have been found imperfect in the making—a few stitches by a good seamstress would change the suits to a perfect fit. We bought them at half—They are here for you till sold. \$7.45 suit.

## IMPORTED TAILOR MADE SUITS—

Elegantly trimmed and exceptionally well made—sample suits imported for spring exhibits—no two alike—Prices range from \$25 to \$40, to be closed out beginning tomorrow at \$15.00 suit.

## SUMMER DRESSES—

We are probably conducting the most popular summer dress department in California. A large part of our trade comes from San Francisco and nearby cities. This department, under the management of Mrs. Zeimer, is now turning out some of the swiftest summer costumes we have seen. Ordinary dressmakers cannot make summer dresses, they have not the facilities or inclination to make a study of this specialty. If you contemplate a summer dress, purchase your fabrics here and allow us to make it up for you. Mrs. Zeimer may be consulted on styles and ideas at any time.

MRS. F. M. SMITH  
GIVES THANKS.

Charity Affair at Arbor  
Villa a Financial  
Success.

Oakland, May 22, 1900.  
Editor Tribune—I will be much indebted to you if you would allow me space in your valuable columns today, in which to thank all those whose good work helped to make the recent garden concert at Arbor Villa so great a success.

Mrs. E. B. Beck, our treasurer, reports a balance on hand of \$1,300, as a result of our work.

Our thanks are due to all of the ladies who so willingly sold many tickets, and to Thomas H. Williams Jr., who very generously donated most of the music.

The double quartet of male voices was also donated, and the eight little girls in Mrs. Swain's chorus, gave their time.

Professor Chapman and the members of his dancing class, gave not only their time, but the pretty May polo also.

We wish to thank Mr. Morosco, and the other friends, who sent us ponies for the use of the children.

Mrs. Noble also gave her services in the interests of palmistry.

There were many generous donations: 2,000 sandwiches were contributed, as well as 40 cakes, and the tea, coffee, chocolate, lemonade, sugar, and other things which helped to make our retirement months a success.

SENATORS IN  
LOUISIANA.

Associated Press Dispatches by The Tribune's Special Leased Wire.  
NEW ORLEANS, May 22.—The Democratic Executive Caucus of Louisiana, which is synonymous with the Legislature, for every member of the body is a Democrat, last night nominated as United States Senator S. D. McEnery to succeed himself, his term to begin in 1903, and Governor Murphy J. Foster to succeed Senator Caffery, his term to begin in 1901.

Governor Foster confessed to the caucus that he was not strong in the 25 to 1 proposition, but declared that he would obey the wishes of the Democracy on that point. Senator McEnery made a similar confession on the tariff, but insisted the tariff had not been made and could not be made a test of Democracy. Senator McEnery also declared in favor of the popular election of Senators.

Mrs. Noble also gave her services in the interests of palmistry.

At the meeting of the Board of Education last evening Director Powell offered the following recommendation, which was unanimously adopted:

"The Committee of the Whole, after careful consideration of the rule relative to tuberculosis recommended by the Health Department, begs leave to submit the following substitute for said rule, and recommends its adoption:

"No person affected with pulmonary tuberculosis shall be employed or retained in the service of the Public School Department of the city of Oakland.

"Any employee in the service of the Public School Department suspected of being affected with pulmonary tuberculosis shall, within one week after having been notified by the City Superintendent of Schools, withdraw from the service of the School Department or submit to a bacteriological examination by the City Bacteriologist, who shall, upon the completion of such examination, file with the City Superintendent of Schools a certificate setting forth the result of such examination. The examination shall be made without cost to the applicant, and the certificate of the City Bacteriologist shall be the only evidence required by the Board of Education for its action in the premises."

PLEASANTON.

Must Have Been Some Knocking in Country Town.

PLEASANTON, May 22.—Every community is cursed with a few narrow-minded souls who imagine that the universe and its welfare hangs upon the crook of their finger. These men are perpetually bitter against a rival in business. They regard the rival as a personal enemy and their competitors as a personal trust to them. They never lose an opportunity to belittle a rival, no matter how high that rival may stand in the esteem of his fellow townsmen, no matter how long he has resided in a community and paid his just proportion of taxes and the same ones that attack petty souled creatures will endeavor to make him out a fit subject for the penitentiary.

If they dare approach that rival in business, they will endeavor to make him out a fit subject for the penitentiary. NEW GAS COMPANY  
ISSUES STATEMENT.

The Oakland Equitable Gas Company has decided to change from the Hall process of making gas to the manufacture of Standard water gas.

The Union Gas Improvement Company of Philadelphia, generally known as the U. G. I., is sending an expert to Oakland to make the necessary changes in the plant which will involve a comparatively small expense.

The Oakland Equitable Gas Company has issued the following circular:

To the Gas Consumers of Oakland—Within sixty days we will have our Gas Works on the water front at the foot of Brush street finished and ready to furnish Standard Water Gas identical with that supplied by all the "old companies."

"Our next step will be the laying of mains in the streets and supplying gas to consumers at one dollar per thousand feet for both fuel and illuminating purposes for which you are now paying \$1.50 for illuminating and \$1.25 for fuel."

"In laying the main 100 miles of street mains we intend to restrict ourselves to those streets only upon which we are assured of customers and we beg to inform you that an employee of this company will call upon you to solicit your patronage."

"We have already expended a large amount of money in the erection of our works and intend to expend still more in the laying of street mains, and hope to receive your encouragement in this legitimate business competition."

"As an evidence of the large sums already invested we would respectfully invite your inspection of our works at the foot of Brush street."

"We trust you will give our enterprise the encouragement you feel it deserves."

OFFICIAL AX  
MAY DROP AT  
SAN LEANDRO.

Three Officials May be Discharged by the Trustees.

SAN LEANDRO, May 22.—The residents of San Leandro are much interested in an effort which is being made to dispossess the Town Recorder, Town Attorney and Street Superintendent, all of which offices are under the appointment of the Town Trustees. A bitter fight is being waged and at a meeting last night a resolution was introduced declaring the offices vacant.

Trustee Cary was absent, however, and that action in the matter was deferred.

Recently, it is said, Samuel Rogers, a farmer, was arrested for violating the ordinance prohibiting the plowing up of sidewalk space.

It is charged that Town Attorney J. N. Rank drew a faulty complaint; that Recorder Zundt refused to impose a fine and that Street Superintendent Manuel Garcia was derelict in the prosecution.

The Town Trustees are composed of Chairman J. A. Gallet, H. R. Ebee, J. B. Quinn, V. R. Ritter and A. B. Cary.

In discussing the matter last night, Chairman Gallet said: "Yes, there's a proposition to remove the Town Recorder, Street Superintendent and Town Attorney, but, really, I do not care to discuss the why and wherefore of it. I can say that it is an effort at economy, but I suppose we can get along without them."

The resolution was laid over last night and will be taken up again at the next meeting of the trustees. The resolution was present, and during the early part of last night's session Trustee Cary was absent.

## CITY OF ALAMEDA

BATTLED WITH  
BEES FOR OVER  
AN HOUR.

Harry Horst Has a Bond Question Was Not Brought Up Last Night.

ALAMEDA, May 22.—For over an hour yesterday afternoon young Harry Horst battled with a swarm of bees at his apiary, 902 Santa Clara avenue, and before he finally got rid of the enraged insects had been rendered blind by their stings.

The same bees that attacked Horst alighted on a valuable horse and when the coachman, Fred Schriener, attempted to drive them away they turned on him.

Horst is interested in bees and puts in his leisure time on the several swarms which compose his apiary. He prepared yesterday to remove the honey from one of the hives. He was fully protected against the objections of the bees, having provided himself with canvas clothing and a mask for the face. All would have gone well with him if an unforeseen accident had not occurred.

The mask slipped off at a critical time, exposing his face to the attacks of the bees. Thousands alighted on his flesh and sent their deadly little weapons home. Horst tried to brush the insects off with his gloved hands, throwing sand on them and running through brush, but they kept a-coming. Finally, after a prolonged fight, Gustave, an older brother, discovered Horst's plight. Directing him to a hose, he turned a strong stream of water on his brother and soon had the bees beaten off the face.

The unfortunate's face, neck and head swelled to immense proportions after the encounter. He was unable to see, as his eyes were closed, his brother hurried to lead him home. A physician was summoned to attend the wounds and prescribe against bloodpoisoning.

The Superintendent of Streets was instructed to compel the Oakland Transit Company to repair its tracks on Paris street where the asphaltum had dropped several inches below the rails.

It was stated that the road had been constructed against the protest of a number of people and it was urged that at least the service required by the franchise should be given the public.

Mr. Schutte stated that he had had a conference with the representatives of the company and had asked that to requirements of the franchise be lived up to. These requirements called for a ten minute service, whereas at the present time cars are run over the branch at intervals of about thirty minutes.
